

Armory Budget Proposal

Only using the building for storage

Electricity	\$3,000.00
Heating	\$2,400.00
Snow removal	\$600.00
Water	\$3,000.00
supplies	\$400.00
Guard maintenance fee	\$0.00
Total	\$9,400.00

Using the entire building

\$6,000.00
\$4,000.00
\$1,200.00
\$3,000.00
\$600.00
\$2,400.00
\$17,200.00

Optional items that could increase the buildings efficiency

Weatherstripping	\$500.00
Volunteers will install	
Furnace efficiency measures	\$900.00
Heat tape snow sensors for 6 circuits	\$5,500.00
Without this we would only turn them on when we were aware of an issue and shut them off manually.	

EMERGENCY SERVICES BUILDING

2003 - 2014 Actual EXPENSES

	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014 YTD	TOTAL

The History

The current Emergency Services Building was built in 1989 with a community block grant from the state of Idaho in the amount of \$98,300. This was to pay for the shell of the building on land donated by the city of Driggs. Donations of money and labor completed the building in 1991. In 2001 the newly formed Teton County Fire Protection District, expanded to the east and placed the current wall that divides the Emergency Services Building and the Driggs Fire Station.

The Current State

Currently, Teton County Search and Rescue occupies one bay and Teton Valley Ambulance District occupies the other. The upstairs training room, bathrooms, and storage space is shared by both. The upstairs is not currently tied into the outside walls and an estimate to make it earthquake proof/safe in 2008 was in excess of \$125,000. This building is also showing signs of wear and in need of repair.

Search and Rescues Current Needs

Heated Bays for multiple vehicles at approximately 50 degrees. Radio and medical equipment batteries lose their charge over time in cold weather; snow and ice on equipment often hide damage, and in an emergency, equipment needs to be ready to go as soon as we arrive. When we return from a call, we need water to wash off the dirt and grime and to be able to inspect equipment prior to packing it back onto the vehicles so it is mission ready.

Storage for summer and winter equipment as well as excess radios and gear is needed. We would also need a spot for our radio repair station so we can save time and money on radio repairs.

A small group of board members meet to plan and work on fundraising, grants and general business at least once a night per month. This can be done in the new Criminal Justice Building. Another night per month and one Saturday per month are used to meet for training. This involves the entire Search and Rescue Team. It would be nice to be close to our equipment, but we can move it to the county commissioner's room. The meeting room in the Criminal Justice Building is too small for our entire group.

Other County Needs

The Teton County Ambulance District currently has two diesel Generators, a light tower, and a disaster trailer. The generators and light tower become difficult if not impossible to start in the cold weather and would need to be stored in a heated building. The disaster trailer and the Red Cross support trailer are not required to be in a heated place, but all equipment indoors would be preferred.

Search and Rescue's Non-Profit

The non-profit for search and rescue raises funds and writes grants to provide equipment and training to the county search and rescue volunteers. The non-profit does not own any assets; the county owns all of the equipment.

The county currently funds a line item in the sheriff's budget for \$10,000 and maintains our half of the building. The non-profit has raised \$24,000.00 and has a budget of 35,897.00 for our fiscal year 2015. We will be writing grants and holding fundraisers for the balance.

Re: Armory Expenses

Commissioners & Clerk - Should you decide to move the SAR, emergency management and ambulance district inventory into the armory for a trial period of 2+ years, I would suggest you put either the emergency coordinator or the Sheriff's office in charge of that budget for both payment of bills as well as any maintenance needs (whether that be 01-31 or a new account).

This will be a unique situation with limited access and use and by only a select group of people including the Sheriff's staff and the emergency manager. Because we want to use this period as an opportunity to carefully manage the utilities I think it best that there be one point of contact for all the finances associated with the building and communication with the Guard. *e.g. The end-user will know better than I when the back entrance needs to be plowed or if we have a water leak or power issue.*

This suggestion comes at the request of the Sheriff. Thank you for your consideration.

Subject: Emergency Services Building

Dawn,

I want to touch base with you and the Commissioners on the Emergency Services Building. Our Fire Commissioners did discuss again the purchase of the building and indeed are committed to the purchase of the building.

As for the county using the building for storage after the purchase, some space upstairs would be available for storage for one year. The main level and back lot will be used as soon as possible, but we will only use part of the upstairs for now.

Thanks,
Bret

Re: **EMS Parking Lot Repairs and Sealcoat Project** (*see attached quote and Images*)

Work is scheduled to be completed by mid-September.

The FPD is doing all three of their stations so the County would be piggy-backing on their quote. This issue has come before the Board the past three years and the Board did approve \$5500 in the FY 2015 budget to make necessary repairs. That is a shortfall of \$1,135.00. You do have money in the current 01-09-494 Courthouse Repairs (from the budgeted masonry work) to cover either the full amount in this fiscal year or the shortfall from FY 2014 and the \$5500 from the FY 2015 budget.

If the County does not sell the building this work needs to be done as water backs up to the garage and entrance doors and leaks under freezing and thawing. The County has done cold-patch spot repairs over the past couple of years, but in 25+ years, no maintenance has been done to the parking lot.

If the County is selling the building in 2014, the Board needs to make a decision as the property owner – repair or not repair, and give the FPD notice which would allow the FPD to cover the repairs if they so choose.

Email of 8-28 from Chief Campbell (Note repairs are \$6635 not \$200 as the Chief states.)

Subject: RE: Emergency Services Building

Yep, absolutely. **(DF: This is in response to FPD still being willing to pay half the appraisal cost).**

Also, Chief Wood will be getting with you to discuss our maintenance work on the asphalt in front of the buildings. Before the purchase idea (and now after) we thought the county would want to repair that part at the same time as we do ours. I think the repairs on that part were around \$2,000. It's a smaller area, our expense for work at three stations is around \$34,000.

We will watch for the appraisal/invoice.

Thanks,

Bret

AMBULANCE SERVICE AGREEMENT

This Ambulance Service Agreement (the “Agreement”) is entered into by and between Teton County Ambulance Service District (the “Ambulance District”) and Teton Valley Health Care, Inc. (TVHC).

SECTION ONE: Obligation of Teton Valley Health Care and Fire District to Provide Emergency Medical Services and Ambulance Services.

1. TVHC agrees to provide Emergency Medical Services (EMS) and ambulance services to the Ambulance District on the following terms and conditions:

- a. TVHC may provide ambulance services in coordination and cooperation with the Teton County Fire Protection District (the “Fire District”).
- b. TVHC will provide ambulance services to citizens within the boundaries of the Ambulance District (Teton County, Idaho), on the public lands surrounding the Ambulance District, and in the adjoining Wyoming lands on the west side of the Tetons, subject to agreement between Teton County, Wyoming Board of County Commissioners and Teton County Ambulance Service District Board of Commissioners. TVHC agrees to comply with all duties, terms and conditions of the current agreement and similar successor agreements between Teton County, Wyoming and Teton County Ambulance Service District. The current agreement between Teton County Wyoming and Teton County Ambulance Service District is attached hereto and incorporated herein.
- c. The administration of TVHC and the Governing Board of the Ambulance District will prepare an annual budget for the delivery of EMS and ambulance services within the specified service area.
 - (1) TVHC will develop an annual capital equipment reinvestment budget to be submitted concurrently with the annual operating budget.
- d. All consumable medical supplies will be provided by TVHC.

2. Provision of Ambulance Service.

- a. Staffing. TVHC will establish and maintain a schedule of qualified emergency medical personnel that are available to operate the ambulance service around the clock each day of the year (24/7/365). Two Advanced Life Support ambulances will be staffed at all times. One of these ambulances will be based in Victor and one in Driggs. Any or all of this work may be subcontracted to the Teton Fire Protection District. A portion of these personnel will also provide on-site Emergency Room Technician support to healthcare provider staff at Teton Valley Hospital on a 24/7/365 basis and shall be supervised by the TVHC Director of the Emergency Medical Services Department.
 - (1) There shall be available a minimum of two (2) ALS level ambulances with at least one paramedic per ambulance to provide emergency medical services at all times; and the requirements of Idaho Code § 56-1016 shall be met at all times.
 - (2) In addition to the above, there shall be at least one (1) additional crew member on each ambulance for emergency response, patient transport, or transfer, with the crew member delivering patient care being, at a minimum, a licensed emergency medical technician (EMT) - Advanced level (Idaho Standards) or higher level. Each licensed EMS agency

shall have a twenty-four (24) hour dispatch arrangement and shall respond to calls on a twenty-four (24) hour basis.

(3) TVHC will provide emergency patient transfer services, on a 24/7/365 basis. This crew will also be available to support Search and Rescue call-outs and other multi-casualty incidents as needed.

- b. Vehicles and Equipment. The vehicles required to provide EMS services outlined in this agreement shall be four (4) ambulances. The Ambulance District shall furnish said ambulances for the use of TVHC. The ambulances shall be equipped by the Ambulance District to at least the minimum standard set by the State of Idaho, Department of Health and Welfare, Bureau of Emergency Medical Services. Further, the ambulances shall be equipped to Alaska Standards for cold weather emergencies.
- c. Billing and Collection. TVHC shall be responsible for billing and collecting fees for all EMS services rendered by TVHC.
- d. Regulatory Compliance. TVHC shall be responsible for ensuring that ambulance service complies with, and is provided in accordance with, all Federal, State, local and any other applicable laws and regulations.
- e. Medical Direction. TVHC shall provide a licensed, privileged Medical Doctor to serve as Medical Director for ambulance service.
- f. Insurance. TVHC medical liability insurance, including HIPAA coverage, extends to and covers ambulance services and staff as a department of the hospital. Any agencies that TVHC contracts with, including the Fire District, will also be covered by the same or similar medical liability insurance.
- g. Non-Transferable. This Agreement shall not be assigned or transferred by TVHC without the express written permission of the Ambulance District.

SECTION TWO: Obligation of Teton County Ambulance Service District.

1. Ambulances and Equipment.

- a. It shall be the responsibility of the Ambulance District to provide all necessary ambulances and equipment to be utilized by TVHC in the provision of emergency medical services.
- b. All ambulances and equipment will be supplied at least at the minimum EMS service level (Paramedic) as required by the State of Idaho, Department of Health and Welfare, Bureau of Emergency Medical Services; and as required by the local scope of practice as determined by the Medical Director and/or Director of the Emergency Department at TVHC.
 - (1) TVHC will provide a capital equipment budget and requisitions to the Ambulance District on an annual basis, or as necessary during interim periods. Providing funds are available, the Governing Board of the Ambulance District shall approve all capital purchases and work in collaboration with TVHC personnel to acquire ambulances and equipment necessary to provide the highest quality emergency medical care to patients in the pre-hospital setting.

(2) All ambulances and equipment shall be purchased and owned by the Ambulance District.

2. Ambulance and Equipment Maintenance.

- a. It shall be the responsibility of the Ambulance District to contract for maintenance of all ambulances and equipment and to purchase fuel for the ambulances. Daily operational check-outs and weekly medical supplies and equipment inventory shall be performed by TVHC.
- b. Insurance. The Ambulance District shall be responsible for obtaining or otherwise providing property, casualty and liability insurance coverage for its ambulances, other vehicles and equipment.
- c. Dispatch Services. TVHC will be dispatched through the Teton County Sheriffs Office (TCSO) as part of the county-wide 911 system. The Ambulance District shall contract with the TCSO for dispatch service.
- d. Contract Payment. The FY 2015 contract fee for ambulance services per the terms of this contract shall be \$496,993.54 Payment shall be made from the Ambulance District to TVHC in twelve (12) equal monthly payments of \$41,416.13. Payments shall be made after the 15th but before the 30th of each month. Payments for subsequent years of this contract shall be determined during the annual budget process.
- e. Meetings. The Governing Board of the Ambulance District shall meet quarterly with the appropriate TVHC staff to assure that the covenants of this agreement are being met. These quarterly meetings shall include a budget reconciliation report prepared by the clerk of the Ambulance District Governing Board and an operating report prepared by TVHC.

SECTION THREE: Term of Agreement

- 1. **Terms of Agreement.** This agreement shall be effective commencing October 1, 2014 and continue for a period of five years unless terminated as provided herein.
- 2. **Termination.** This agreement may be terminated upon the mutual agreement of the parties, or as otherwise provided herein.
 - a. Conditions of Termination.
 - (i) A material breach by any party, and that party's failure to cure such breach within ten (10) days of the non-breaching party providing written notice of the breach. Should such failure exist, at the Ambulance district's option, TVHC may be obligated under this Agreement for a maximum of one-hundred eighty (180) days or until the Ambulance District has in place an alternate provider for ambulance service in order to fulfill their commitment to the community.
 - (ii) The Ambulance District may terminate this contract if TVHC is no longer working with the Fire District under the "Ambulance Service Partnership Agreement for the Coordinated and Cooperative Provision of Ambulance Services in Teton County" (entered into in between TVHC and the Fire District in July of 2014 and attached hereto) or a similar, successor agreement.
 - (iii) If based upon a determination, made in good faith that the ambulance services described herein cannot be provided in an economically viable manner after the best efforts by all parties to provide an appropriate means to fund the ambulance services. One-hundred eighty (180) day written notification is required for this cause.
 - (iv) If based on a determination that any material provision of this Agreement violates applicable law or regulations and in such case that such violation is not cured, termination would be immediate. Should TCAS become decertified by the State of Idaho, Department

of Health and Welfare, this agreement would terminate immediately. TCAS will assist the Ambulance District in all ways possible in securing ambulance service to fulfill their commitment to the community.

b. Termination Without Cause. This agreement may be terminated without cause by providing written notice to the other party one-hundred eighty (180) days in advance of the termination. If all parties agree in writing this Agreement may be terminated at any time.

c. Upon Termination of this Agreement, whether For Cause or not, TVHC shall preserve for six (6) years any records required to maintain compliance with Federal, State, or Local laws, rules, or regulations (example – all MSDS sheets, all Health and Safety requirements and records required by OSHA, HIPAA, etc.).

d. Notices. Unless otherwise specifically provided, any and all notices required or permitted under this agreement shall be in writing and shall be deemed delivered upon personal delivery or three (3) days after mailing thereof when properly addressed and deposited in the United States Mail, first class, postage paid. Notices shall be properly addressed if addressed to the parties as follows:

Dear Commissioners,

In response to Mr. Aussef's complaint: Parcel #06N45E242402

We are on a five year appraisal program so it is very likely that we might not have known this parcel was being farmed. We do not check every parcel every year, it is the Property owner's responsibility to notify our office of change of use and to supply us with an Agricultural lease. The previous owners did not have an Agricultural lease on this property so we would not have checked when the new owners took over.

The Aussef's were mailed an assessment notice in June and did not respond during the appeal time allowed by the State. I have looked at the property and approx.. 3acres of the 13.390 acres are being farmed and will be assessed as ag for the 2015 taxing year.

It is my recommendation that the value and taxes remain as they are for 2014 taxing year.

Bonnie Beard
Teton County Assessor

August 6, 2014

Teton County Commissioners
150 Courthouse Drive
Driggs, ID 83422

Re: 7955 N Baseline, Tetonia, Idaho
Parcel #: RP06N45E242402A

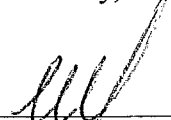

Dear Commissioners:

We purchased property in Teton County in August 2013. The property is parcel RP06N45E242402A. We recently learned that this entire parcel is being taxed on the property rolls of Teton County as a residential lot. As you can see from the enclosed affidavit, eight (8) acres are being farmed and have been farmed since 2011, which is plainly visible upon any inspection of the property. As such, these eight (8) acres have been erroneously assessed.

We request that pursuant to IDAPA 35.01.03.936 that the Board of County Commissioners cancel the taxes and/or assessment on parcel RP06N45E242402A for 2014 and forward and that the property be properly appraised and placed on the supplemental roll in December with the correct assessment.

Your immediate attention to this matter is appreciated. Please provide your response and decision to us at the address below so we can take prompt action if necessary.

Sincerely,

Kevin Aussef, Trustee
Aussef Family Trust
PO Box 159
Dana Point, CA 92629

Commissioners – I have been in contact with our local FSA office and at this time we/they are in a holding pattern for declaring a disaster. Teton is late in harvesting and until such time as we can document a minimum of 30% loss, a disaster cannot be declared. In addition, the FSA Board would meet and make their recommendation based upon the data collected. The FSA office and I will stay in touch and see if this goes on a meeting potentially in October.

Subject: Agriculture disaster declaration request...

Dear Teton County Commissioners,

As you know, grain farmers in Teton County have recently suffered significant damage to their wheat and barley crops due to volatile weather.

The Idaho Grain Producers Association and the Idaho Barley Commission request your immediate help in submitting a disaster declaration to the USDA Farm Service Agency for the substantial economic losses faced by producers in your county.

Attached is a formal request from our two organizations. We appreciate your timely consideration of this critical matter.

Best regards,

Travis Jones
Executive Director
Idaho Grain Producers Association

August 26, 2014

Teton County Commissioner Kelly Park
Teton County Commissioner Sid Kunz
Teton County Commissioner Kathy Rinaldi

Dear Teton County Commissioners:

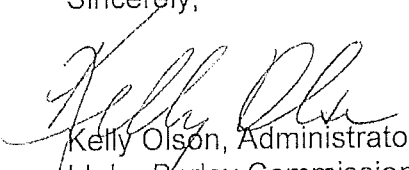

We are writing to urge your county to prepare and submit a disaster declaration to the USDA Farm Service Agency for the substantial economic losses in the 2014 malting barley and wheat crops in your county. Grain producers in your county were on pace to harvest a record malting barley crop until the harvest rains arrived.

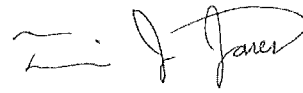

Due to highly unusual monsoonal moisture which blanketed a wide section of southern and eastern Idaho during the entire month of August, we are seeing severe sprout damage in the mature but unharvested grain crops. This is resulting in as much as 60% or more of crop being rejected for malting purposes and being dumped as much lower-valued feed barley and a significant amount of the milling wheat being downgraded to feed. The price differentials between feed barley and malting barley (\$5.50/Cwt. versus \$13.00/Cwt.) and feed and milling wheat is 50% or less.

Without question, grain producers in your county are experiencing significant economic loss in the quality deterioration of their 2014 grain which is resulting in substantially below normal value grain crops, one of the important criteria for a county disaster declaration.

We urge your support for a disaster declaration for Teton County. Please let us know if we can provide additional information or answer any questions.

Sincerely,

Kelly Olson, Administrator
Idaho Barley Commission

Request for Disaster Declaration – Twin Falls Idaho Excessive Rain

The Twin Falls County, Idaho County Emergency Board met on August 11, 2014 and is requesting a Secretarial Disaster Declaration for excessive rainfall. On August 3 – 5, 2014 a series of storms hit the Twin Falls County area dropping 3.5" – 4.5" of rain across the county in a 24 hour period. Twin Falls County yearly receives an average of 10" of rain per year mostly in the winter in the form of snowfall. The event hit the area at crop maturity for small grain crops causing sprout growth in the barley crop and wheat crops. 95% of the barley is contracted for malt at around \$6.50 / bushel. The wheat crops average around \$6.40 per bushel. The county emergency board estimated that 65% of the barley crop (50% of the wheat crop) was ready for harvest and became saturated with water causing sprout in the heads. The resulting sprout is causing a large reduction in value of small grains. The rain has also knocked down as much as 50% of the standing grain throughout the county. Malting varieties are low protein varieties so the economic loss may be even higher than 50% going at feed value. The economic loss alone has early estimates as high as \$12.8 million for Twin Falls County.

The damage has continued since August 5 with several additional ¼" rain events and cloud cover with high humidity that is increasing the sprout in grain. We appreciate your consideration of the Disaster Declaration. If you need additional information please contact me at the Twin Falls Office.

Sincerely,

Lance Phillips
Chairman – Twin Falls County Emergency Board
County Executive Director
Twin Falls County FSA

Clearwater County Commissioners

8-18-14

SAMPLE

Honorable C.L. "Butch" Otter
Governor of Idaho

Dear Governor Otter:

During a regular meeting of the Clearwater County, Idaho Board of Commissioners, it was determined that crop damage occurred due to a Hail Storm occurring in the Fraser area of Clearwater County.

To support this claim the County Commissioners used the following information:

- On August 14, 2014 at about 17:00 a hail storm occurred in the Fraser area of Clearwater County.
- The high winds of the storm uprooted trees one crushing a mobile home.
- Area farmers were hit by heavy hail approximately the size of golf balls.
- It has been reported 33% of all spring wheat was damaged in our county.
- It has been reported 76% of all hard red winter wheat was damaged in our county.

Clearwater County respectfully asks for your support for the USDA Farm Service Agencies request for an Emergency Disaster Designation.

Respectfully submitted,

Don Ebert, Chairman

MEMORANDUM

TO: ALL BOARDS OF COUNTY COMMISSIONERS

FROM: Dan Chadwick, Executive Director

DATE: August 12, 2014

SUBJECT: CAPITAL CRIMES DEFENSE FUND BOARD AT-LARGE POSITION

The Idaho Capital Crimes Defense Program Board of Directors At-Large Position expires on September 30, 2014.

The current Board member in that position is Latah County Commissioner Dave McGraw.

Enclosed is your ballot to nominate a county commissioner for the At-Large Board position. The term of office for this position is for two years (October 1, 2014 through September 30, 2016). Please return this form to IAC as soon as possible but no later than **September 15, 2014**. We will send out a ballot to each county commission shortly thereafter for the final vote.

Please call IAC if you have any questions.

MEMO

DATE: September 5, 2014
FROM: Dawn Felchle, Assistant
TO: Commissioners
RE: PTO Carry-Over

Commissioners – per the policy manual employees may request to carry over PTO over 80 hours into the next fiscal year, provided there was no carry-over from the current year. By September 30, I will have close to 130 hours and I am requesting I carry these over into FY 2015. Assuming things slow down a bit here in the County offices, I plan on using 60 of those hours with time off the third week of October. I will also try to take a day here or there between now and the 30th if the work load allows.

Your consideration is appreciated. df
